About Salmones Camanchaca

Salmones Camanchaca S.A. is a vertically integrated salmon producer engaged in breeding, egg production, recirculating hatcheries for Atlantic salmon and pass-through or lake hatcheries for Coho salmon and trout, fish farming sites in estuary, fjord and oceanic waters used mainly for Atlantic salmon, primary and secondary processing, and marketing and sales of Atlantic and Coho salmon through five sales offices in its main markets.

The production target is 55,000 to 60,000 MT WFE for 2023 and 65,000 to 70,000 MT WFE for 2024, which is aligned with the Company's total Atlantic and Coho salmon production capacity. Salmones Camanchaca participates in trout farming through a one third share of a joint venture, which uses Salmones Camanchaca farming sites in coastal-estuarine waters, and currently plans to harvest an average of 9,000 MT WFE per year until 2028.

Salmones Camanchaca has 1,800 employees on average, 60% of whom work in its value-added plant. The main Atlantic salmon sales markets are currently the USA and Mexico.
