About Salmones Camanchaca

Salmones Camanchaca S.A. is a vertically integrated salmon producer engaged in breeding, egg production, recirculating hatcheries for Atlantic salmon and pass-through or lake hatcheries for Coho salmon, fish farming sites in estuary, fjord and oceanic waters used mainly for Atlantic salmon, primary and secondary processing, and marketing and sales of Atlantic and Coho salmon through five sales offices in its main markets.

The Company's Atlantic and Coho salmon harvest target for 2024 is between 50,000 and 53,000 MT WFE and for 2025 is between 56,000 and 59,000 MT WFE. Salmones Camanchaca participates in trout farming through a one third share of a joint venture, which uses Salmones Camanchaca farming sites in coastal-estuarine waters, and currently plans to harvest an average of 9,000 MT WFE, that the company expects to exit during 2025.

Salmones Camanchaca has 1,900 employees on average, 60% of whom work in its value-added plant. The main Atlantic salmon sales markets are USA and Mexico.
